No. 327 -Off.

Station Madras , *Dated the* 27th April 1921.

From (Name) C. M. Schmidt Esquire.

(Designation) Inspr. Genl. of Registration.

To The Secretary to the Government of Madras,

Law (Registration) Department.

Sir,

The Sub-office of Coondapur (South Kanara) is housed in a Government building constructed in 188. on the type design of 1882 and consists of an office room 24' X 12', a record room 24' X 9' and a front verandah 27' X 6½'. The registrations average 2197 and the clerical staff numbers four. The office ranks in the second class for which the current type design (G. O. A. 146 of 1910) provides an office room 24' X 16' and a record room 24' X 12'. The accommodation falls short of this standard and since 1911 complaints of inadequacy of space for the establishment and

parties and for the records have been frequent. The pressure in the record room was relieved by the erection of an iron record rack in 1915. As regards the office room the device of interchanging the front door and one of the front windows [G.O.1832 W, 3rd December 1912] has been tried but has not answered requirements. The cheapest method of relieving the congestion in latter room is to extend the front verandah to the sides of the office room and to open an additional entrance on the new side verandah adjoining the Sub-Registrar's seat, so that parties may transact business with the Sub-Registrar from the verandahs and avoid crowding into the room.

2. I have accordingly obtained from the Public orks Department plans and an estimate amounting to Rs.1,340 for the extension of the verandah to the sides and for opening a new doorway which I have the honour to submit for the administrative approval of the Government with reference to para 2 of G.O.1535, Home (Judicial), dated the 1st July 1918, which debars me from sanctioning extensions of verandahs in sub-offices.

(A)

I have the honour to be,

Sir,

Your most obedient servant,

C.W. Schmidt

Inspr. Genl. of Regn.

Copy of letter No. 1632-Off dated 5th January 1921 from C. M. Schmidt Esq Inspector General of Registration. Madr to the Executive Engineer, West Coast Division.

Your letter to the District Registrar, South Kanara, 2556 A dated 8th December 1920-Sub-office building -Coondapur(South Kanara) Improvements.

As under the proposed improvements the office room will have two entrances, one on the front verandah opposite to the Sub-Registrar's dais and the other on the new side verandah adjoining the Sub-Registrar's seat a third entrance on the other side verandah next to the clerk's portion of the room is unnecessary. I request therefore that the plans and estimate(~~xxxxxx~~ herewith returned) may be revised providing for the undermentione modifications:-

1. Window B should be left as it is and need not converted into a doorway

2. The new door A on the side verandah should be wholly panelled and not 1/3 panelled and 2/3 ventioned a provided in the estimate the existing door in the front verandah being also made a fully panelled door if it is not already so.
